

Cyber Security

Hello!

I am Muhammad Zaky Zulfiqor

I just simple person who like traveling, photography, videography, code, and cyber security enthusiast.

- Founder, Error 404 Cyber News
- IT Administrator, Yo! Holiday Tours & Travel
- Alumnus SMK NU Tasikmalaya

ACHIEVEMENT:

- CHFI
- CCSP
- Digital Civility: Making the Internet Safer from Microsoft Academy
- Security in the Enterprise from Microsoft Academy

You can find all about me at <https://zaky.my.id>

Hello!

I am Abdul Latif

○ Co-Founder, Error 404 Cyber News

Education Formal:

- SD Negeri Sukasari
- SMP Islam Cisumur
- SMK NU Tasikmalaya
- UBSI Tasikmalaya
- STMIK Nusa Mandiri Jakarta

Before we share our experience
in Cyber Security, let us introduce
a bit about cyber security 😊

Di era globalisasi ini, dunia maya/cyber merupakan sebuah kebutuhan bagi kehidupan manusia dan menjadi penghubung komunikasi manusia satu dengan yang lain tanpa dibatasi jauhnya jarak. Kondisi ini bukannya tanpa efek negatif, keamanan cyber menjadi kebutuhan nyata dan sangat mendesak karena efek yang ditimbulkan cybercrime dapat merusak atau mengacaukan kehidupan masyarakat, negara dan global.

How we find our passion

“ The first step is
‘interest and curiosity’”

Which Cyber Security career is right for me?

Finding the right career path in the cybersecurity industry isn't always easy. While some know they want to go into the field straight out of college, many work in IT or software engineering before exploring a more specialized career in the industry.

Here are some popular careers based on experience level:

Entry-level roles

systems engineer,
systems administrator, web developer, IT technician, network engineer, security specialist

Mid-level roles

security technician, security analyst, incident responder, IT auditor, cybersecurity consultant, penetration tester

Advanced-level roles

cybersecurity manager, cybersecurity architect, cybersecurity engineer, chief information security officer

Here some tips for kick-start your career in Cyber Security

Master the Basic
